Monaco Grand Prix - High Down Force Track - Qualifying times

Average Percentage Change in track time

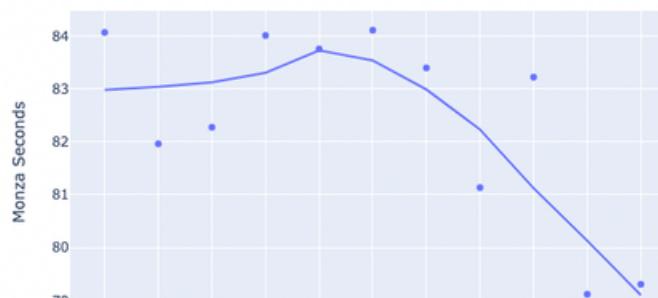

Australian Grand Prix - High Speed/High Down Force Track Qualifying times

This is a scatter plot that shows the percentage change over time, as you can see there are peaks at 2013 and 2019 this can be attributed to the fact that these were the years before big regulation changes, as teams prepare for new regulation they will focus their money and resources into future sessions instead of focusing on the current season, therefore there is a drop in performance during these years.
